The Honorable J. W. Fulbright  
United States Senate  
Washington, D. C. 20510

Dear Senator Fulbright:

Thank you for your letter of 31 March in which you asked certain questions about the recent Foreign Affairs article by Mr. George Carver. I can well understand your interest in this matter. The questions you raise are clearly important ones and we have given careful consideration to them.

You ask if Mr. Carver were encouraged by the Agency to write this article. Mr. Carver was not encouraged by the Agency to write it but rather had been approached by the editor of Foreign Affairs, for which publication Mr. Carver had written a previous article. It is true that Mr. Carver used information available to him by reason of his employment, but the Agency did review the article prior to publication to determine that it contained no classified information.

It has been the practice for employees of this Agency occasionally to write articles without identifying their affiliation with the Agency. I believe that you raise an interesting point as to whether Agency affiliation should be stated. I would certainly like to have your views on this question.

ILLEGIB (30 Vbr e Additionally, there are other points raised by your letter which I very much would like to discuss with you, receiving your views and furnishing you our thoughts. I believe that an exchange of views could be most helpful to us. I shall be pleased to meet with you at whatever time is convenient.

Sincerely,

SIGNED
